DETERMINATION
AND
ORDER

BPMC #09-99

A hearing was held on April 22, 2009, at the offices of the New York State Department of Health ("the Petitioner"). A Notice of Referral Proceeding and a Statement of Charges, both dated February 18, 2009, were served upon the Respondent, **Thomas Peter Wentland, M.D.** Pursuant to Section 230(10)(e) of the Public Health Law, **Irving S. Caplan**, Chairperson, **Eleanor C. Kane, M.D.**, and **Fred S. Levinson, M.D.**, duly designated members of the State Board for Professional Medical Conduct, served as the Hearing Committee in this matter. **John Wiley, Esq.**, Administrative Law Judge, served as the Administrative Officer.

The Petitioner appeared by **Thomas Conway, Esq.**, General Counsel, by **Robert Bogan, Esq.**, of Counsel. The Respondent did not appear at the hearing either in person or by counsel. He did submit a memorandum by facsimile that was taken into evidence as Respondent's Ex. A.

Evidence was received and transcripts of these proceedings were made.

After consideration of the entire record, the Hearing Committee issues this Determination and Order.

BACKGROUND

This case was brought pursuant to Public Health Law Section 230(10)(p). The statute provides for an expedited hearing when a licensee is charged solely with a violation of Education Law Section 6530(9). In such cases, a licensee is charged with misconduct based upon a prior criminal conviction in New York State or another jurisdiction, or upon a prior administrative adjudication regarding conduct that would amount to professional misconduct, if committed in New York. The scope of an expedited hearing is limited to a determination of the nature and severity of the penalty to be imposed upon the licensee.

In the instant case, the Respondent is charged with professional misconduct pursuant to Education Law Section 6530(9)(d). Copies of the Notice of Referral Proceeding and the Statement of Charges are attached to this Determination and Order as Appendix 1.

WITNESSES

For the Petitioner: None

For the Respondent: None

FINDINGS OF FACT

The following Findings of Fact were made after a review of the entire record in this matter. Numbers below in parentheses refer to exhibits, denoted by the prefix "Ex." These citations refer to evidence found persuasive by the Hearing Committee in arriving at a particular finding. Conflicting evidence, if any, was considered and rejected in favor of the cited evidence. All Hearing Committee findings were unanimous.

1. Thomas Peter Wentland, M.D., the Respondent, was authorized to practice medicine in New York State on January 16, 1996, by the issuance of license number 201936 by the New York State Education Department (Petitioner's Ex. 4).

2. On May 20, 2008, the Illinois Department of Financial and Professional Regulation, Division of Professional Regulation ("Illinois Board"), by a Consent Order ("Illinois Order"), placed the Respondent's license to practice medicine on two years probation, fined him \$2,000.00 and suspended his controlled substance license for 30 days and placed it on probation for one year, based on allowing an unlicensed individual to write prescriptions for persons who received anabolic steroids for five individuals and on failing to maintain medical records for these individuals. (Petitioner's Ex. 5).

HEARING COMMITTEE CONCLUSIONS

The Hearing Committee concludes that the conduct of the Respondent would constitute professional misconduct under the laws of New York State, had the conduct occurred in New York State, pursuant to:

- New York Education Law Section 6530(3) - "Practicing the profession with negligence on more than one occasion;"
- New York Education Law Section 6530(11) - "Permitting, aiding or abetting an unlicensed person to perform activities requiring a license;"
- New York Education Law Section 6530(25) - "Delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified, by training, by experience, or by licensure, to perform them;" and
- New York Education Law Section 6530(32) - "Failing to maintain a record for each patient which accurately reflects the evaluation and treatment of the patient..."

VOTE OF THE HEARING COMMITTEE

SPECIFICATION

"Respondent violated New York Education Law Section 6530(9)(d) by having disciplinary action taken by a duly authorized professional disciplinary agency of another state, where the conduct resulting in the disciplinary action would, if committed in New York state, constitute professional misconduct under the laws of New York state..."

VOTE: Sustained (3-0)

HEARING COMMITTEE DETERMINATION

The Respondent did not appear at the hearing either in person or by counsel. The Administrative Law Judge ruled that the Petitioner had met the requirements of law for service of the Notice of Referral Proceeding and the Statement of Charges on the Respondent and that, therefore, the hearing could proceed despite the absence of the Respondent.

The Respondent allowed an unlicensed person to write prescriptions for persons who received anabolic steroids for five individuals. The Respondent failed to maintain medical records for these individuals. This was the basis for the sanctions imposed by the Illinois Board in the Illinois Order.

In Respondent's Ex. A, the Respondent offered no evidence of remorse, rehabilitation, mitigating circumstances or any other factor that could be helpful to his case. His only argument was that although he had a medical license in New York State, he should not be disciplined because it was an inactive license. He had never had a medical practice in New York State and had no intention to establish one. He stated that he had never renewed the license. This renewal argument confuses a physician's registration, which is renewed every two years, with the medical license, which never needs to be renewed. Although the Respondent has not been renewing his registration

every two years, this has no effect on the fact that the license that he received in 1996 is still in existence and, therefore, still subject to discipline. The Respondent suggested that a professional medical conduct proceeding based on out-of-state actions should be initiated only if he decides to re-activate his New York license (presumably for the purpose of practicing medicine in New York State). This may or may not be good public policy, but it is not the law in New York State. The Petitioner is free to commence the professional medical conduct proceeding regardless of the location of the Respondent's present practice and his intentions regarding practicing in New York State in the future.

Prescribing anabolic steroids can be a dangerous act. Allowing unlicensed persons to write prescriptions is a dangerous act. Allowing an unlicensed person to write prescriptions for anabolic steroids is an exceptionally dangerous act. Given the inherent danger of these acts and the Respondent's failure to appear at the hearing and submit any evidence helpful to his case, the only adequate penalty that can be imposed is a revocation of the Respondent's license.

ORDER

IT IS HEREBY ORDERED THAT:

1. The license to practice medicine of the Respondent, Thomas Peter Wentland, M.D., is revoked.
2. This Order shall be effective upon service on the Respondent in accordance with the requirements of Public Health Law Section 230(10)(h).
